Delivery \$2.80 per sqm. Minimum Delivery Fee \$120 for Kerb side (fork lift delivery at a supplement)

To enable us to offer the blend of colours each paver is hand made in our factory- this can result in some depth variations so we recommend scattering sand on to your screed so the variations can be easily tapped down or remedied with the final compaction. We do have installers we can recommend who are used to working with this product- the final result is stunning.
