

### HAMMERED LIMESTONE PAVING RANGE

- The coolest choice in our Harsh summer sun
- More convenient than poured Limestone
- Unique colours- to work with your existing décor
- Contains stone and polymers for durability

Hammered finish is similar to Reef and coral with alternative manufacturers. This paver is a straight butter which means there is minimal gap between the pavers.

This paver is ideal for a contemporary look and is available in 400x400 only.

Half pavers will need to be cut but as it is a straight butting product this will not cause an issue.

### COLOURS AVAILABLE

Single Colour- Limestone, Sandstone, Charcoal or Light Grey

Two Tone Stonewash as a stock item – All other colours can be prepared to order.

## **DELIVERY PRICING**

**Please provide suburb and quantity for us to provide a quote including delivery.**

## ***INSTALLATION INFORMATION***

*To enable us to offer the blend of colours each paver is hand made in our factory- this can result in some depth variations so we recommend scattering sand on to your screed so the variations can be easily tapped down or remedied with the final compaction.*

*We do have installers we can recommend who are used to working with our products or we can offer technical advice for DIY installation.*

*We recommend laying pavers from a couple of packs to ensure colour blending.*

*Apply white sand or pave n lock to infill gaps and lock paving in to place.*

*Limestone is a porous product, and we highly recommend sealing for long term durability.*

Available to Purchase at Dale Stone Factory Outlet, 218 South Western Highway, Armadale  
or via one of our stockists listed on our Website [www.dalestone.com.au](http://www.dalestone.com.au)
